The Busiest Corner In Town.

GARVIN & CO.'S.

You Know Where It Is.

You Have Been There.

You Buy Lots of Things There.

And you are Always Welcome.

Yes Indeed!

But you never found the clerks
too busy to be pleasant.
But you never found the goods
to be other than represented.

No Indeed!

Come in and rest when you are in town.

Wakefield — White

I hereby certify that the above returns are correct, according to my best knowledge and belief.—JOHN H. GARVIN, Town Clerk.

Report of School Board.

The School Board of Wakefield are pleased to report that there has been during the year a marked advancement and improvement in the schools. Our teachers have labored faithfully and well and thereby promoted an interest which ensured the success attained.

It will be noticed on examining the reports of last year that we have been able with about the same amount of money to give the district five more weeks of schooling; this was accomplished by decreasing the wages of the teachers, which decrease has in nowise lessened their interest in the schools. The greatest fault we find is a tendency on the part of the teachers, encouraged by the parents, to advance the pupils too rapidly.

Early in the year we introduced Rhetorical exercises in all the schools. This at first met with considerable opposition on the part of pupils and teachers, but as they became more interested the advantage of the exercises became apparent, and we find that it has been a great benefit to the pupils in giving them confidence in themselves, making them better readers and removing that diffidence which many of us have found so embarassing.

The lack of interest which the pupils manifested in the study of grammar and their utter carelessness of the same suggested to the board the need of a change in the text-books on this study. For many years Swinton's English Grammar has been in use in our schools, and a short time ago a few copies in Hyde's Lessons in English were purchased. After careful examination we introduced in their place Metcalf's English Grammar, a work published in 1894, which has produced a more thorough understanding and gratifying improvement. The board has also introduced Johonot and Bouton's lessons in Hygiene for the use of the younger pupils.

The above account by no means represents the cost of the building. As we reported at the special town meeting Sept. 27, Hon. John W. Sanborn, learning of the desire of a great many of our citizens that a brick building be erected, made an offer in writing to donate the land and build a basement story, which we estimated would cost two thousand dollars. The offer was accepted, and Mr. Sanborn immediately, under our supervision, put in a very substantial stone foundation and built the basement story at a cost of one thousand six hundred nineteen dollars and eighty-nine cents; the amount falling below the estimate, he very liberally contributed the balance, three hundred eighty dollars and eleven cents, which appears in our statement of receipts. Mr. Sanborn also gave the beautiful polished granite pillars which support the portico at the main entrance, and the complete set of scenery for the stage in the hall, the furnishings for dining hall and kitchen, chairs, knives, forks, plates, glassware and cooking utensils complete, and the large office table and chairs in selectmen's room, and an additional cash gift of $192 58 which balances our expenditures as will be seen by reference to account above.

Hon. Frank Jones of Portsmouth very generously presented the elegant granite tablet which is conspicuous in its position in the westerly front, its inscription, "Town Hall, 1895," ever reminding us of the public character and date of erection of the building.

Mr. Simon Blake gave the large stone doorstep at the entrance, which for many years has been a familiar object to all who passed his premises at the Corner.

Mr. Charles A. Hackett made the symetrical flag staff, from the top of which floats a beautiful flag, the gift of Mr. Daniel W. Sanborn of Boston, who takes great pleasure in visiting his native town, and never misses an opportunity to advance its welfare.

The sum paid for the clock, Howard's best, and the bell cast of best metal by Blake especially for us, was raised by subscription. The following is a list of our non-resident friends whose substantial aid was gratefully received: George W. Armstrong, $50; Charles B. Gafney, $50; Alonzo Kimball, Abbott L. Dow, D. W. Sanborn, William Kennett, $25 each; John S. Nason, $20; I. Smith Brewster, J. E. Kelley, O. P. Hobbs, A. T. Ramsdell, $5 each; Friends, $16.50. The balance was contributed by our citizens. We are indebted to many others who in various ways aided in the construction of this building.

As in all public matters where so many are interested, we found a wide difference in the opinions of our citizens as to the proper location and character of the building. After listening to all, and carefully and impartially considering the needs of the town for the present, and the future so far as we were able to judge, we decided to locate and build the building as it now is. We have performed the duty imposed upon us to the best of our ability, and we trust in a manner which meets the approval of all fair-minded citizens, and will be most conducive to the interests of our town.

FRANK J. LEAVITT, WILLIAM H. WILLEY,
JOSEPH L. JOHNSON, HERBERT E. ROGERS,
BUILDING COMMITTEE.

We have examined the foregoing accounts of the Building Committee and found them correctly cast and fully vouched.—Horatio G. Sawyer, James W. Garvin, Simon Blake, Auditors of Wakefield.
